# PASA PREPAYMENT PROGRAM

---

*PASA has the right to discontinue or modify this program without advanced notice*

***In order to encourage member skills development through our optional training programs, PASA is introducing the “P<sup>3</sup>” program that will provide a credit towards next year’s travel player tuition for participation.***

***Why is PASA doing this?***

We want to encourage and reward those dedicated players who take the time and effort to continue to develop their soccer skill.

***What are the rules?***

This credit has no redeemable cash value, and participation is automatic. There is neither registration nor commitment from the participant.

Players must be selected from the annual tryout process in May, 2012 to redeem their credits.

Participation in this program is neither a commitment to PASA nor a guarantee of future selection. Participation will have no impact on the tryout selection process.

To be eligible for the credit, full payment – where applicable – for the optional training must be made before the published deadline for each optional training event. Partial or late payments for a particular training event will not receive any credit for that event.

***Is there a list of the club sponsored optional training that is eligible for this credit?***

This program will apply to all PASA offered optional training. PASA will decide on a case-by-case basis how much credit will be received for each optional training program.

***Is this program limited to current PASA players?***

No, any area player that is otherwise eligible to participate in on a PASA travel team can take advantage of this credit.
